Some Background

In April of 2005 the Olds Municipal Library board embarked on a journey to increase the effectiveness of its facility. The board commissioned Group2 to walk them through a concept design study. The Objectives were...

1. To increase space for materials, technology, programs, staff and storage.
2. To improve accessibility.
3. To ensure proper building maintenance.

There were a number of factors that were taken into consideration during the planning project including community feedback, staff and board feedback, and several priority exercises.

There were found to be 5 main areas of need in the library including children and youth, general library, staff and storage, technology, and meeting rooms and program space. Key needs were identified in each area and the results were taken into consideration.

Further information used to make decisions was a "Facility Review and New Addition Requirements for Olds and District Municipal Library", May 2001, and "Olds Municipal Library Space Plan (February 2004)

How can you help

The buy a brick program will be the first of several initiatives in the community. There are several reasons why you may want to buy a brick.

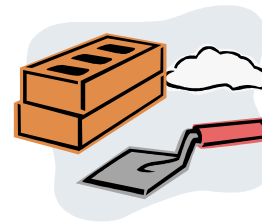

- Honour or remember a loved one.
- Celebrate a new birth.
- Recognize a family name or business.
- Help support the library.

Types of Bricks

Cornerstone:	\$1000.00
Foundation Stone:	\$500.00
Brick:	\$100.00

Donations will be recognized on a plaque display in the new facility.

Buy a Brick—Order Form

Name or Message:

(Please print exactly as you would like it to appear on your brick, up to 25 Characters; spaces are considered characters)

Your Permanent Address:

Name: _____ Phone (____) _____
Street: _____ City: _____ Province: _____ Zip: _____

Type of Brick:

Corner Stone \$1000 Foundation Stone \$500 Brick \$100

All donations are eligible for a tax receipt
